#### Step-1: Team Gathering, Collaboration and Select the Problem Statement

## Step-2: Brainstorm, Idea Listing and Grouping

### Brainstorm

How can you generate ideas and ideas that are relevant to the problem at hand?

10 minutes

**Step 1: Brainstorm**

Write down all the ideas that come to mind. Do not worry about whether they are good or bad. Just write them down.

**Step 2: Grouping**

Group the ideas into categories. This can be done by looking for common themes or by looking for ideas that are related to each other.

**Step 3: Prioritization**

Prioritize the ideas. This can be done by looking for ideas that are most relevant to the problem at hand or by looking for ideas that are most feasible.

### Grouping

How can you group ideas into categories that are relevant to the problem at hand?

10 minutes

**Step 1: Grouping**

Group the ideas into categories. This can be done by looking for common themes or by looking for ideas that are related to each other.

**Step 2: Prioritization**

Prioritize the ideas. This can be done by looking for ideas that are most relevant to the problem at hand or by looking for ideas that are most feasible.

## Step-3: Idea Prioritization

### Prioritize

How can you prioritize ideas that are relevant to the problem at hand?

10 minutes

**Step 1: Prioritize**

Prioritize the ideas. This can be done by looking for ideas that are most relevant to the problem at hand or by looking for ideas that are most feasible.

**Step 2: Grouping**

Group the ideas into categories. This can be done by looking for common themes or by looking for ideas that are related to each other.

### How the collaboration is completed

How can you complete the collaboration?

10 minutes

**Step 1: Collaboration**

Collaborate with the team. This can be done by looking for ideas that are most relevant to the problem at hand or by looking for ideas that are most feasible.

**Step 2: Prioritization**

Prioritize the ideas. This can be done by looking for ideas that are most relevant to the problem at hand or by looking for ideas that are most feasible.
